- You emanate a lot of energy and it helps a lot. Sometimes I felt it was maybe too much energy, but I still prefer a TA with too much energy than not enough. Thank you Sevin, It was a very good course!
- One of the best TA I ever had, not only here. She worries about us and encourages us!

She brings so much humanity to the course, making you feel motivated and supported. Truly the best TA ever! Thank you, Sevin, for being so brilliant yet humble and for your willingness to share all your knowledge with us—not just for the course but also for doing research in general. You've made such a positive impact, and it's deeply appreciated! :) I really hope more people like you can enter academia—we truly need it!
